

Service to Veterans

Program Action Plan 2019-2020

Sue Fugitt Chairman

Service to Veterans under the National Veterans Affairs and Rehabilitation Program, allows Auxiliary volunteers to focus on enhancing the lives of veterans, military and their families outside of Veterans Affairs medical facilities. More and more volunteers are needed to provide the needs of our ever-growing numbers of veterans that need our help.

As National has no formal orientation for Service to Veterans, the Department of Indiana has a format in which members report their volunteer hours to this program. Recognition pins and bars are available for those volunteers who record and report their hours to respective chairman who then certify this information to the Department Secretary for the purchase of the pins/bars. The expense of these pins/bars are on the members.

Our Department Presidents theme this year is **“Stepping Up For 100 Years”** is what our volunteers are about. To serve our veterans and make their lives better.

- 1. Recruit Senior, Junior and non- member volunteers**
- 2. Identify someone who needs our assistance**
 - Check your own post home**
 - Contact community organizations/leaders**
- 3. Familiarize yourself with the national Action Plan**

Awards

Department: Florence Briggs Monetary Award: Best year-round narrative report submitted by a Unit to Department Chairman.
